

Hello Mr Froud

Thanks for your note.

I'm very sorry, some of the forms as you note didn't have the reference on them.

We've therefore attempted to rectify this through the following:

1. We've written to DCC asking them to note that the forms are being returned with an error and the comments in the upper box apply to MSAD 02 Cannon Hill
2. A total of 4,500 letters were sent and we estimate that around a quarter have the error. We're also about to undertake a delivery of leaflets to around 8,000 homes across Colehill, Wimborne and Merley. Where these leaflets haven't gone out we have inserted a note explaining that the correct reference should be inserted. These are due to be delivered in the next week.
3. We're placing an appology and a note on our website and also on my blog. Hopefully people may be directed there.
4. Via e-mail and phone we've contacted in excess of a 100 people who have noted the problem and corrected it for them, encouraging them to tell any of their neighbours who have a similar ommission.

I'm hopeful that action 1. will be the most effective step.

I agree entirely with you when you say you're dismayed by the proposal, the plans to my mind are totally insane.

I must also apologise for not being aware of your web site and campaign. I've been contacted by a number of people who live around the site who have been concerned at the proposals. Can I ask whether you are in touch with many others? If not would it be an idea to perhaps get people together? I'm aware, for example, of one family who have been talking to some consultants about the proposals to ensure that their response includes details of the viability of the scheme itslef as well.

Do please let me know too if you think there is anything else you think we should or could be doing to help.

Best wishes

Nick
